Managed to get

DC → Miami but
could not → Rio

Sat next to Argentine
Jews who wanted to
expand their seating.
I managed to sleep
a few hours

26 Feb

met @ airport
by Celso Schenkel,
Dionizio, + Katherine
Bramante.

Kate, wife of ^{US} Consul
General, was to
come with us to CPRJ
for the presentation
of the plaque.

Dionizio drove
Rio was hot +
oppressivo -

at arrival we met
with Jeremy M.
+ Coimbra. Present

was one TV crew from
Marschke.

Combra chided me on
the short notice for
the presentation.

We hung around. I
displayed the plague
to everyone. Eventually
did the presentation
in front of a monkey
~~the~~ cage + had
several interviews.

I was exhausted - no
sleep - but somehow
managed to say a few

words in Portuguese.

Denise Rambaldi was there as was Zigue + an intern from Poco das Antas.

~~Denise~~

We left @ 1500 hrs. and I tried to speak with Celso a bit @ our budget problems.

At the same time he complained to me about financial needs.

We were simultaneously both asking for \$.

Only had one TV program

Jewess from West Hartford
Conn. who was originally
named Debra + thus
whose Yiddish name was
also Dubba.

Don is the son of a
poor Italian immigrant
60, + is immensely
fit-looking + tidy. No
fat on him, but shortish
like Jan. Don is 60,
+ has a grown family
who are somewhat
parasitic like Karl.

Don + Kate have been
married @ 8-10 yrs.

Over the week, Kate becomes very open @ her history + their relationship.

We find we have a lot in common + have both done therapy for similar problems. (father obsessions).

Kate + Don have had their biggest difficulties with his kids demanding support + his guilt which reinforces their demands.

They have a 5 year daughter, Niki,

who was nearly catatonic
when I met her since ~~she~~
^{+Kate} had only been in Brazil
for 3 weeks + Niki
couldn't speak any Port.

+ had just started at
The American school where
most of the students were
Brazilian + spoke Portuguese.

I had dinner w/ Niki, Kate
+ Don + retired @ 9:00 PM
from exhaustion.

26 Feb 91

Had a reporter of The Wash. Post arrive @ 10⁰⁰ for an interview. Kate sat in.

I explained the whole CBT history.

Jeremy Mallinson arrived @ 1130 + we finished the interview together.

Mateus, the driver, took us near Botafogo for lunch + then dropped us at FBCN offices.

Fernando was there

(pre-planned) + we sat
+ met Jairo Costa the new
head of FBCN who was
trying to turn the organization
around. Jairo
apparently is a successful
businessman + is currently
supporting FBCN w/ his
own funds.

(Dr. Rario has been
fired)

Go thru budget items
with Fernando: we
decide that we can give
raises - if I can
get approval from others.

Fernando drops us at Coimbra's house where we discuss lion tamarin issues, including

- 1) do we send BLTs to Marco Schwartz
- 2) what @ Faical resigning
- 3) Can Claudio Padua take over? etc.

Jaqueline drives us all to The Consul General's residence in Leblon for dinner.

Kate + Don had organized dinner with the Coimbras, Jeremy, me, & another couple Helmut + Ursula Grubbe.

Ursula has been volunteering
with the Rio Zoo for years +
was the contact with Faust
that wanted to give us
further information @ the
stolen GLTs that had been ^{recovered}.

The Bramantes happened
to have been @ a dinner
+ talked with Hans Stern
+ wife + mentioned me +
GLTs. The Sterns then
told Grubbes who contacted
The Bramantes who invited
them for dinner.

Very complicated.
Helmut Grubbe is top man at
Mercedes Benz in Brazil

Late late night: impressions
Ursula hates cock
fighting. I had to
quiet her.

Combra has been speaking
of shooting all terrorists
says we are all too weak.
But he would kill them all
without remorse!

Sit with Bramante after
chat.

They have access to all
American businessmen +
to the highest society people
in Brazil. Don has met
Robert Marinho + the
owner of Rede Globo.
He + Kate know the
Sterns.

Kate is intrigued +

Don also seems to like the
idea, perhaps to keep
Kate busy — altho he
seems like a person who
likes to facilitate!

27 Feb 91.

Don's driver Mateo gets
Jeremy + me to the
airport after dropping
Don off at the Consulate
@ 0700.

Flight to Salvador
uneventful — altho both
Jeremy + I later feel
somewhat nauseous from
something eaten at
breakfast, which he later
loses.

We end up staying at
the Ondina Plaza Hotel —
with tiny rooms + a
miniscule pool.

I ~~rest~~ rest for several
hours before Jeremy

managed to see
Anthony Rylands, Jody S.
Denise; We are all
fragmented somewhat.
I organize to hand over
the caracua tape
recorder & speakers to
Ulisses, herpetologist,
from Museu Nacional who
will be seeing Dante
Texeira.

Organized turnover of
other recorder with
Jody + student Luis Paulo
Souza Pinto. L.P. drove
us back to the hotel
& agreed to do playbacks
during my talk on
5^o feira.

I had a "deep" talk
with Jody @ his problems
w/ him; @ his relationship
to the ALT project. It
was pointed out that the
ALT proj. i.e. Devra
had not been communicating
very well w/ him.

Jody was feeling rotten &
left to go to bed.
Jeremy had already
been laying down.

We had decided to go
to a restaurant
called Alta Ondina
which had a Bahian
show.

The show started

@ 10PM + we couldn't
eat till 11⁰⁰. Food
bad.

Sat w/ Milton Thiago,
Anthony Rylands,
John Hearn, Jeremy +
Emilia.

I was feeling exhausted.
Went back as soon as
was possible.

28 Feb.

Spent the whole AM
writing my talk in
Portuguese + arranging
it.

went over to the
university @ ¹³⁰⁰ ~~1400~~ +
asked Claudio Padua
to help out by reading
it. We got @

1/2 thru it, + I had
to go - figured I'd
never finish.

Talk went from 2-3 PM.

@ 40-50 people.

I did it all in
Portuguese w/ audience

participation.

After talk, out + sat with folks in open air area + had something to eat + drink. I was pretty tired. Spoke with Jim, Lon Ann, + Denise @ budget + explained what had been happening with The Bramantes.

Eventually went out to eat w/ Denise Cecilia Paula Jody Anthony R., Pissinatti + Claudio at Yemanjá, a terrific Bahian rest. which was, however, unbelievably slow.

1 March

up early; breakfast
with Jeremy

→ university for
The Lion tamarin meetings

We started @ 1045.

I did GLTs + then

L. chrysopygus, then
Jeremy finished off
w/ *chrysomelas*.

Didn't finish till
1430 w/o lunch.

but I had spoken
w/ Faical Simon in
the am. + had
a reasonably organized
agenda for both
species.

Biggest discussions
@ sending BLTs to

1) Marco Schwartz, who
is supposed to be a
crooked animal dealer.

2) Plurto of OHLTs in
cages in Una.

3) Jeremy pushed need
for cooperation

Had some lunch by the
little outdoor cafe
& walked back to the
hotel w/ Denise
Paula & Cecilia

Went for a swim

Also had another long

conversation with Carmen
Alonso @ possibility
of her working at PdA
and going on for a PhD.

Good swim + back to
hotel.

Jeremy + I met for
dinner - our driver
Carlos Torres No 3407
+ we decided on
"elevated" people / dinner
+ dancing.

We went to Casquinha
de Siri, on the beach
on way to airport -

No roof - so we
looked up at stars +

palm trees. A beautiful location, good food, two good bands, especially woman at beginning of show, who did Brazilian jazz wonderfully.

We drank Caipirinhas & water but I started feeling tired. We finally left — altho Jeremy clearly could have closed the place down — @ ~~#~~ 02³⁰ with our driver a bit unhappy.

2 March.

Bkfst w/ Jeremy.

→ Mercado Modelo by taxi to look for lace.

Had some fun for a while bargaining in Portuguese, but last night began to catch up on me. Finally did spend @ \$100.00 on lace.

But I didn't have enough cruzeiros & the shopkeeper came back with me in my cab, where I discovered

that The woman who
changes \$ was out.

Denise was there to give
me a jacket of Andy's
& she thought she could
~~get~~ give me enough
CZ to pay him & leave
me enough for airport
tax.

Finally the woman
arrived & I ended
up with a very
complicated payment
1/2 hotel bill in
\$ (from \$100⁰⁰ bill)
1/2 on credit card
with some cruzeiros to
pay Denise back.

Seemed classically
Brazilian in its
confusion.

Carlos, the driver, got
me to Salvador airport
w/ plenty of time.

Uncomplicated flight +
met by Bramante's
driver Mateus.

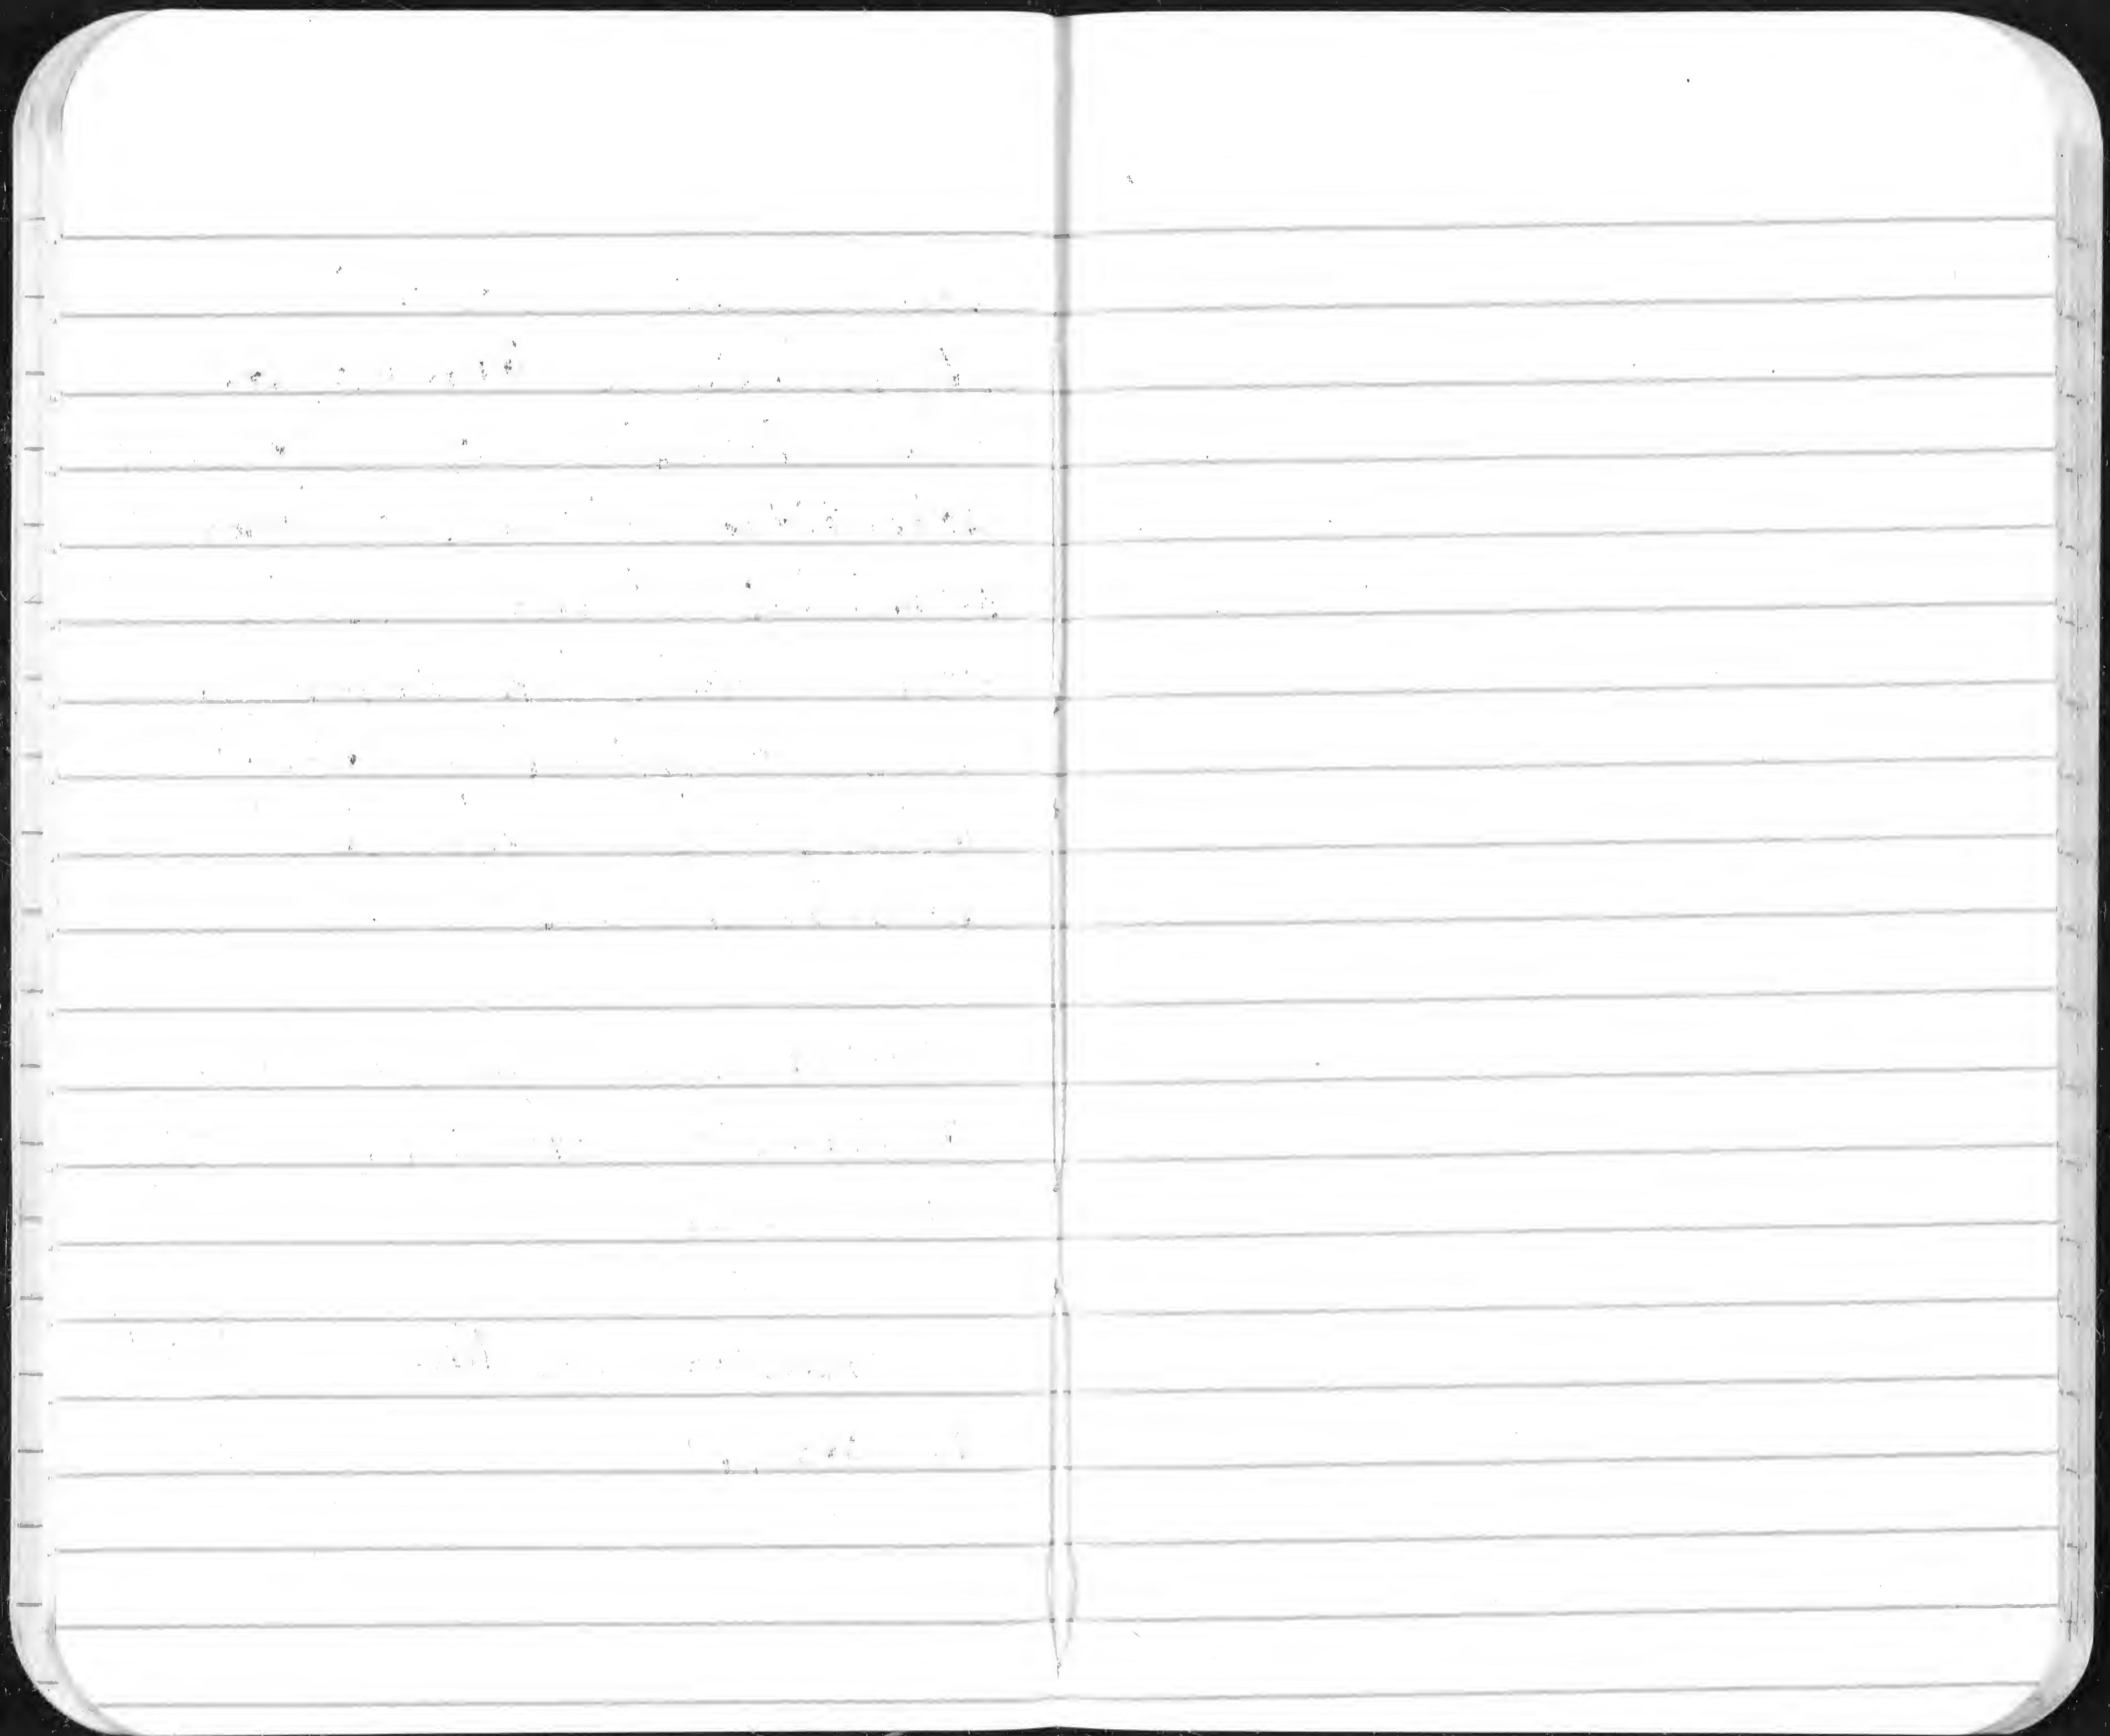

Sat with Kate to
expand discussions of
how she could help
GLT project.

We talked @
Newsletter, brochure

in English + Port. ;
forming a Fundação
in Brazil w/ Board of
Scientific Advisors: board
members; fund raising
via benefit dinners,
large corporate donors;
getting to Brazilian
businessmen.

Discussed how to do a
contract for her (1% of
the take)

donations in kind instead
of cash.
